

Technical information for battery recycling

List of available battery models (linked to the product model in which the battery is in). For each respective battery type we wish to know:

1. Battery safety Data Sheet
2. Photos (in order to identify the battery, specific labelling for instance)
3. Dimensions, pack (l x b x h) (mm)
4. Cell type
5. Weight battery pack (kg)
6. Marking (item number)
7. Capacity (kWh)
8. Number of cells
9. Disassembly instructions
